

## **Important Information About Your Wauna CU VISA Credit Card!**

Monday, June 27th is "Activation Day" for your new Wauna CU chip-secured VISA Credit Card! Please follow the instructions detailed on the Activation label affixed to your new VISA Credit Card(s).

Your new chip-secured VISA credit card has a new card number; and, second cards (such as for a spouse) will have unique card numbers.

If you have an automatic payment(s) set-up on your current credit card (such as utilities, insurance, Satellite TV, etc.), you will need to update your card number and expiration date with them.

Remember to safely discard your 'old' VISA credit card(s) from Wauna Credit Union.

You will now access your VISA credit card account using the Wauna CU Online Banking service.

**Please click here to access our helpful EMV Chip-Secured VISA Credit Card informational Resource page (at the Wauna CU website).**

Please contact Wauna Credit Union during business hours to confirm the details of this email message; or, to obtain more information about your new chip-secured VISA credit card.

*A special VISA Credit Card Support Team will be available by phone (800-773-3236) to answer questions beginning at 6:00 a.m. Monday, June 27th.*
